

Summer Packtrip Equipment List Regular Length Trip

Clothing:

The key to summer packtrip attire is layering. There is wide variability temperate experienced during an average summer day. We regularly see frost in the mornings and peak temps in the high 80's during the day. When we have the occasional cold front move through we can get rain and the temps drop to the 60's during the day quickly. We request weight limits to 35# per person.

Outer Wear:

- 2-3 pair blue jeans (these will get dirty)
- 3-4 T-shirts
- 2 long sleeve comfortable medium to heavy weight outdoor shirts (cotton is fine, light wool is fine, chamois cotton is fine)
- 1 medium weight sweater for cool nights and mornings
- Hiking shorts
- 2 pair light gloves
- 4 pair medium weight hiking socks (calf height)
- Baseball hat or similar for screening sun off face. Straw cowboy hats are also good but if you wear hats bring both.
- 1 pr hiking shoes (above ankle height) with aggressive tread, ideally with heel. Also recommend water proof.
- 1 pr lighter shoes light weight hiking shoes, water shoes, or sneakers
- Medium weight jacket
- Rain gear (ponchos or slickers). Include rain pant with whatever style you prefer
- Sweat pants or similar if you are prone to get cold at night sleeping. Some people prefer silk long johns for this purpose
- Appropriate undergarment wear
- Small knit hat to wear when sleeping on occasional extra cold nights

- 36"long x 16" diameter duffel bag which will carry all gear except sleeping bags

Sleeping gear

- Small pillow
- Sleeping bag comfortable to 20F
- Inflatable sleeping pad if you have one

Miscellaneous

- Sunscreen
- Bug spray
- Carmex or chapstick (air is very dry)
- Optional binoculars
- Camera w/ extra batteries
- Flashlight w/ extra set of batteries
- Small portable alarm clock
- Toiletries
- Fishing gear – see Fly Fishing Equipment List document on website
